

2010 Candidates for the Michigan House of Representatives

Does Your Candidate Support the Michigan Turnaround Plan?

The chart below provides a **summary evaluation** of whether the candidates running for the Michigan House of Representatives have strong, moderate or weak support for the Michigan Turnaround Plan based on the candidate's questionnaire responses.

Candidates are listed by the district number in which they are running for office. You can find the district you live in by reviewing the State Senate district map located at the bottom of this chart.

*If a level of support is NOT indicated next to a candidate's name, the BLM PAC did not receive a completed questionnaire from this candidate. We will continue to update the chart as candidate questionnaires are received.
